# Jemin Kachhadiya Software Engineer

LinkedIn: www.linkedin.com/in/jemin-kachhadiya-087212143/

Github: <u>github.com/jeminkachhadiya</u> Portfolio: <u>jeminkachhadiya.github.io</u>

### **SUMMARY**

A software engineer with 1.5+ years of professional experience with python and applying machine learning and data science principles to real-world problems to cater to business needs. Machine Learning and Data Science Enthusiast.

### **EDUCATION**

Columbus State University, GA August, 2022 - Present

Master of Science in Computer Science (Artificial Intelligence and Machine Learning)

GPA 4.00 / 4.00

L. D. College of Engineering, India July, 2016 - June, 2020

Bachelor of Engineering in Electronics and Communication

**SKILLS** 

Languages/Frameworks: Python, R, Java, Git, YOLO, PyTorch, Matlab, Hadoop, Flask, Selenium

Databases: SQL Server, Oracle, Impala, Hive, MySQL, PostgreSQL, Presto, SAP HANA, Athena
Tools: Pycharm, RStudio, Visual Studio, Jupyter, Dbeaver, Hue, eclipse, ALM, Jira, Photoshop

Others: Docker, Jenkins, Linux, pandas, dplyr, NumPy, Arduino, AWS, GCP, Tableau, PyTest, G Sheets

## **WORK EXPERIENCE**

#### **Graduate Research Assistant, Columbus State University**

September, 2022 - Present

Phone: 706-315-7519

GPA 8.38 / 10.00

Email: jemin.b.kachhadiya@gmail.com

- Working on a remote surveillance system, building the model to detect and differentiate civilians and military
  personnel in real-time, with the YOLO framework developing an accurate and high speed object detection model.
- Identifying and resolving problems through root cause analysis and research. Working on data collection, labeling, cleaning, Image processing and training neural networks with PyTorch dependencies.

#### **Application Development Associate, Accenture**

January, 2021 - June, 2022

- Created & implemented RPA-based web and database automation testing, test script.
- Automated the process of fetching data mounted on Hadoop and AWS **Athena** platforms using Robot Framework and performed data validation with automated queries to remove redundancies through jenkins **CI/CD** pipelines.
- Built a tool with Tkinter to validate the scripts as per client's requirement as a result code review becomes so simple.
- Worked on a model using NLTK which can understand the requisite from document & validate project's fulfillment.
- Skills utilized: Python, SQL, Automation, pyodbc, Java, NLTK, Jenkins, ALM, Docker, Tkinter, Flask, GCP, Data Analysis, Product development, Jira, Bitbucket.

## **PROJECTS**

#### Self Driving Raspberry Pi Car - Computer Vision

Academic Project - December 2022

Developed a Car to navigate autonomously on a single lane road by detecting lane lines, detect and avoid traffic
and, stop to wait for a pedestrian to cross, and change its speed limit according to the posted speed sign.

#### **RF Buddy** - Script Scanning Tool

Accenture Innovation Project - March 2022

- Saved 100 hours of work per week by developing a script scanning tool built as a desktop application in **Python** using **Tkinter** to verify engineers are following the client requirement, and distributed the executable version to the team of 120 engineers with the track of results and usage data into the database using **pyodbc**.

### Visualizing Citi Bike Trips with Tableau

Coursera Certified Project - October 2020

- Created and publish **data visualizations** with dashboards in Tableau

#### **BirdStrike Prevention System** - Computer Vision and IOT based project

Academic Project - June 2020

- Caffe-**object detection** model used to detect birds in real-time with **OpenCV** in python, transmit the location data to the **Arduino** with serial communication and emit harmless lasers at the location by decoding the data.

### **CERTIFICATIONS**

Machine Learning (Stanford University), **Data Science** (HarvardX), **R-Programming** (John Hopkins University), **Deep Learning** Specialization (Stanford University), Analyzing **Big Data** with SQL (Cloudera), **AWS** Fundamentals (Coursera), **Tableau** (Coursera), **GCP**: Creating BigQuery Datasets and Visualizing Insights (Coursera).
